Government

The council-manager form of local government combines political leadership of elected officials with the managerial experience of a professional city manager. Chesapeake has eight council members and a mayor elected at large, which means that members represent the entire city rather than specific districts. The city has a comprehensive plan and zoning and subdivision ordinances.

Taxes

Localities in Virginia collect a 1% sales tax. They do not tax other items taxed at the State level.

Counties and cities in Virginia are separate taxing entities. Therefore, a company pays taxes to either a county or to a city.

If a company is located in a town, it pays town and county taxes except for utility taxes which are paid only to the town and the license tax which is paid only to the town unless town law permits the additional collection of a county tax.

Manufacturers pay real estate, machinery and tools, truck and automobile, utility, and sales taxes.

Nonmanufacturers pay real estate, tangible personal property, truck and automobile, utility, and sales taxes. They also may pay either a merchants’ capital or a license tax.
